Help Red and Pudge follow the trail! Start at the opening on the upper left and find the way to the opening on the lower right. Stay between the lines.

A square maze with a black border. The interior is white, with black lines representing walls. The walls form a complex, non-linear path that winds through the square. The path starts at the top-left corner, moves right, then down, then right again, and continues in a series of turns and loops, eventually leading to the bottom-right corner. The maze is designed to be a single continuous path without any dead ends or branches.

NUMBER FUN | AGES 5+ WITH HELP

1, 2, 3, 4 - let's explore! Write one number in every empty square.
Each row, column, and small 2 x 2 box must have 1, 2, 3, and 4 once each.

1. FIRST STEPS

	4	3	
1	3	4	
3	2	1	
4		2	

A TIP FROM MS. WILLOW

Start with a row, column, or small box that has only one empty square. Which number is missing?

Take your time. Try the first puzzle together, then see how far you can go!

2. LITTLE EXPLORER

3	4	1	2
